

PEACOCK BASS

Tomo River & Private Lagoons, Colombia

*Bluewater Junkies
Ellis Ward Guide Service*

Season 2025

Our lodge is located on the banks of the **Tomo River**, within a natural reserve protected for over 6 years. In this paradise, there are numerous private lagoons, the perfect habitat for peacock bass. **The Tomo River** is renowned as one of the best rivers in Colombia for peacock bass fishing.

We strive to maintain low fishing pressure to ensure that our clients maximize their chances of an **exceptional catch**.

Our Lodge

Located on the banks of the Tomo River, our camp provides six cabins catering to a **maximum of 12 anglers**. Beyond the accommodation, our facilities include a dining area, a river-view deck, a kiosk with hammocks, bathrooms, a fully equipped kitchen and a pier.

What sets us apart is our **dedicated team** of trained personnel, ready to cater to the unique needs of each angler, ensuring a tailored and **unforgettable experience**.

Our Waters

In our extensive 2000-hectare reserve, we have **12 exclusive lagoons**, the perfect habitat for large **peacock bass**. From our camp's pier, we can also access the Tomo River, where these bass can also be found in its calmer and shallower parts.

Anglers will also have the chance to catch other species such as **catfish, payara, dogfish and piranhas**, adding variety and excitement to the fishing experience in our lodge.

Fishing Package

Our travel package ensures a worry-free experience. It includes airplane **tickets from Bogota to La Primavera** and back, transportation to the lodge, accommodation, **six full days of fishing**, hydration, meals and snacks and medical insurance.

Everything an angler needs to make the most of their fishing adventure.

Not included

Within the travel costs, international airfare, **tips**, alcoholic beverages, **fishing equipment** and **hotel accommodation** in Bogota are not included. These aspects are considered additional expenses and are not covered in the basic travel package.

Ellis Ward Guide Service will work with anglers and clients to ensure that all fishing gear and required back up gear is included in the trip. Additional costs and tip estimates can be provided before booking.

Fishing Gear

For spinning and casting, anglers should bring medium-heavy or heavy rods, 5.6 to 6 feet long, capable of handling 15 to 30-pound lines. Reels should have a 15 to 20-pound drag system. Fly fishing anglers should opt for #7 or #8 rods with floating and sinking lines.

Additionally, lures of 4.7 to 7.1 inches, 3/4 ounce spinnerbaits, 3.9 to 5.9 inches top water lures and bucktail jigs are recommended. Fly anglers should consider large streamers, poppers and mouse flies. This location is ideal for top water fishing, offering thrilling strikes.
